ORDER:

In the references 1st and 2nd read above TR&B Department have accorded permission adopting 20% overhead charges, contractors profit and allowing 5% tender premium in respect of works for which the Ministry of Road Transport and Highway (MORTH) specifications are adopted for all Road and Bridge works.

2. In the reference 3rd read above, the E-in-C(P.R.) has requested the Government to issue orders for adopting contractors profits, overhead charges, Tender premium to P.R. department also.

3. In the reference 5th read above orders were issued permitting 16.5% overhead charges for PMGSY Phase VI works which includes 10% contractors profit + overhead charges + 1.4% VAT subject to no tender premium of 5% normally permissible and no cost escalation.

4. During the review meeting it was pointed out that the different rates and different specifications within P.R. & R.D. Department and within P.R. & R&B Department are causing difficulties in eliciting the response from the contractor, which is resulting in slow progress of works. Therefore it has been proposed for all the tender works of Panchayat Raj department to follow the specifications of Ministry of Rural Development, Government of India which are by and large, same as manual specification of Ministry of Road Transport and Highway (MORTH). Apart from following a uniform specification of MORD to all the tender works in Panchayat Raj Department, it is proposed that the allowances given by R&B Department are also applicable to the works for P.R. Department including PMGSY. In case of Panchayat raj Department works the MORD standards shall apply with regards to specifications as well as use of machinery and the MORD rates are contigent to following of the standards as above.

5. Government have examined the matter carefully and hereby accord permission for adoption of 16.5% overhead charges which includes contractors profit at 10% for all the tender works of Panchayat Raj including PMGSY by following the specifications of MORD, subject to following conditions:

(i) In framing data adopting MORD specifications, the component of overhead charge is included at the prescribed percentages. This
